Queries by M/s BKC Weathersys Pvt. Ltd. and their replies:-

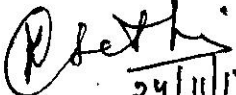

Annexure-I

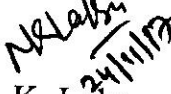

S. No	Query raised by the firm	Reply of Query
1	The OLBS is out of warranty for all hardware items. OEM's AMC for old systems are not available. Will you consider us installing new hardware and price them reasonably in AMC quote?	As per RFP
2	Requirement of authorization of OEM (Hardware manufacturer) may be deleted for pre qualification.	Read as 'deleted'
3	Does IMD maintain full system back up? If so will it be available for commissioning on new server if required?	It is a comprehensive in nature therefore it is the responsibility of the vendor to maintain the full system backup and its restoration.
4	We strongly recommend considering a new server running VMs? In that case, backup and restoration becomes very straight forward.	As per RFP
5	What kind of Firewall protection exists today?	At present Checkpoint firewall is installed at Delhi (Palam).
6	Is printer will be out of scope of AMC?	Yes
7	Are consumables such as batteries etc. will be out of AMC ?	Will be treated as consumable.
